

REPORT OF INTERNATIONAL E-SEMINAR

1. TITLE OF ACTIVITY - INTERNATIONAL E-SEMINAR ON SEXUAL OFFENCES AGAINST WOMEN

PURPOSE AND OBJECTIVES - Sexual offences are often considered as somehow inherently different from other forms of offences since time immemorial. Sexual offenders occupy a special place in contemporary society's secular demonology. Sexual crime is a mainstay of the tabloid and broadsheet news papers, where offenders become 'monsters', 'beasts' and 'sex fiends.' Concern about sexual crimes has become a panic and barometer to study the development of civilization in a particular society.

The present Seminar therefore tries to find out firstly, the offences against women which are in essence sexual offences against women and secondly the relevant law which covers such offences. An attempt shall be made to find out whether the present law is gender neutral or not. As consent is the biggest factor in the determining the fact whether a particular sexual activity is an offence or not. The present Seminar therefore, focuses on the aspect of consent. Societies differ as to their perception of morality and with the passage of time human generation also changes its view and behaviour pattern.

2. DATE - 10TH APRIL 2021

3. TIME -10:0AM -4:30PM

4. PLATFORM USED - ZOOM APP AND YOUTUBE CHANNEL

6. PROMOTIONAL MATERIAL PREPARED – Brochure, Invitations, Rules/Regulations, Whats app msg, Notice, website, Youtube channel. etc.

7. .OUTCOMES & OBJECTIVES ACHIEVED-

The main objective to conduct the seminar was to enhance the awareness among the people towards the sexual offence against women and discuss the lacunas existing in our present laws and acts.

8. OBSERVATIONS – It is being observed that despite of numerous laws and statutory bodies women are still facing the violence in different forms. We need to travel a miles for mitigating this social evil from the society.

9. SHORTCOMINGS – Lack of ample participation as topic was vibrant and related to the societal issue. Some of the paper presenter did not turned up and were not able to present due to technical issue.

RECOMMENDATIONS FOR FUTURE IMPROVEMENTS –Effective networking should be done so as to gain more Target Audience and Keynote speakers. Active involvement of students should be there, to give them an exposure at organising event. Theme of the Seminar should be more contemporary and new. Promotion of the event should be done on popular LAW EVENT SITES i.e. Law octopus, live law etc. The focus should be on time limit also as because of too long sessions audience losses the interest.
