

## COACHING CLASSES FOR JUDICIARY

### Introduction-

We at IPEM Law Academy tries to provide the judiciary coaching in such an innovative way to ensure the success of our students, and to prepare them for all stages of judicial exams. We work with the students according to their capabilities and try to make them the best judges in the country. We give our students the best guidance and encourage them to shape their careers and achieve their goals. We understand the importance of practice and we motivate our students to practice and solve questions, ask questions and cases they're been having trouble in. We also conduct a full test series for the preparation of judicial exams.

A career as a judge can be attained through two levels. One is the lower Judiciary where fresh graduates get selected through entrance examinations conducted by the Public service Commission of each state or the Higher Judiciary which requires a minimum of seven years of practice in the Bar. To prepare for the Judicial Service Examination in a meticulous manner every aspirant must have clarity on what to learn and what not to focus upon. As already mentioned, each state has their own pattern of syllabus and a particular format for the question paper. Nevertheless, most of the subjects prescribed by each state are the same and carries the same amount of weight as far as the marks allotted to them are concerned.

### **Pattern of Examination?**

- The Judicial Service Examination consists of two levels and a Viva Voce test.
- The first examination is the Judicial Service Preliminary Examination and the next one is the Judicial Service Mains Examination.
- The candidates shortlisted from the prelims will be eligible to appear for the Main exam.
- The final merit list is based on both these levels along with the marks obtained in the personality test.
- Certain states have a requirement of minimum marks in the viva voce test, whereas other states aggregate it to the marks of the Mains and prelims.
